

An EORI-number is a unique identification number that is to be used for all customs related activities within the EU, for example when importing from or exporting to a country outside the EU.

Economic operators established in the EU shall always apply for an EORI-number in the Member State where they are established.

Name	Business Registration No/Personal Identity No
Address	Street address, if different from left
Postcode and City	Country, if other than Sweden
Phone number	Fax number
Email address	

Is the company registered for VAT in Sweden and/or in other EU member states?	
<input type="checkbox"/> Yes	If yes, state your VAT registration number:
<input type="checkbox"/> No	

Publication on the Commission website The EORI-number, name and address will be published on the website of the EU Commission, if you agree to the publication. Exemption from publication also entails exemption from publication in Swedish Customs' national register of operators on our website, www.tullverket.se .	I agree to the publication of the EORI information provided in this application on the Commission website <input type="checkbox"/> Yes <input type="checkbox"/> No
--	---

We wish to register our business in the Swedish national database, and we are aware that the information provided will be used as a basis for the granting of an EORI number. We also confirm that we have not submitted and will not submit any application for an EORI number in any other EU country.
