Meddelande: Produktionsutgåva 2014:1

Tullid (Customs identification number) is a unique identification number given to each declaration.

Tullid	Declarations	Taxebest. dag	Belopp per avg.kod	Att betala/Er tillgodo
1	S000106142:1 Dekl enligt normalförfarande	170102	250	250

This line shows the Customs office where the declaration was processed.

Type of tax. Valid codes are listed in the Taric Query System on www.tullverket.se.

Tax point date. This date is used for the purposes of all provisions governing the customs procedure in question. For example, the exchange rates and duty rates used are the ones that were in force on that date. The date is presented in the format YYMMDD.

One customs bill can cover several declarations or customs decisions, each with a separate tullid.
